Training & Continual improvement

We take great pride in personal development and encourage all TITAN operatives to undertake continual company and personal development.

Film & Television

We understand that whether on Location or in the studio the production process is a very fast paced and rapidly changing environment. Therefore TITAN supply experienced operatives on-demand, on-time and within the production budget.

Industry & Commerce

We have security operatives working 24/7 throughout the Northeast using tailored security solutions whether it's a Retail Park, Construction site, Factory, Office or just Alarm Response. TITAN typically deploys highly experienced and dedicated uniformed operatives to provide a visible security presence.

Asset Protection

With an ever increasing and sophisticated criminal element TITAN offers an insured overt and covert protection service for high-risk valuable goods at static locations whether here in the UK or Overseas and during their transportation.

Close Protection

Assignments are often of an extremely sensitive nature. After carrying out a full detailed Risk/Threat assessment TITAN will produce a comprehensive and cost effective strategy, ensuring the client can carry out their everyday activities securely, in the knowledge that their well-being is under the close observation of our operatives, who will conduct themselves professionally and discreetly according to the political, cultural and religious environments in which we are required to work within, whether here in the UK or Overseas.

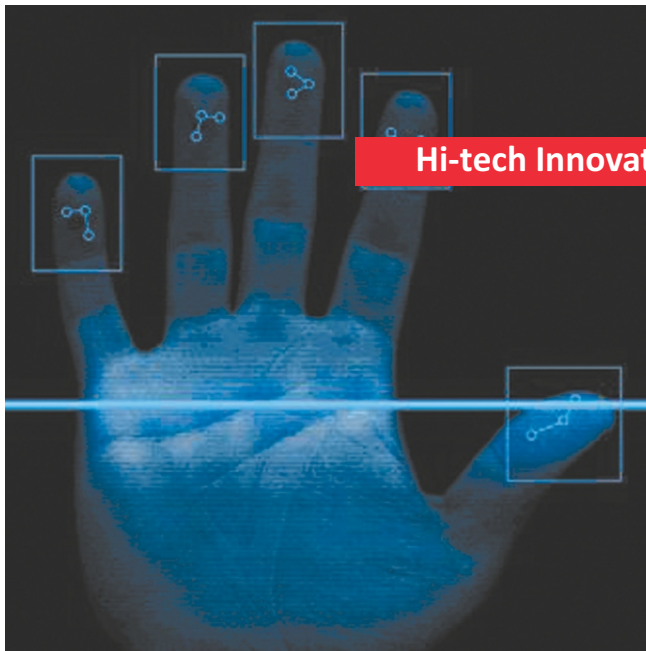

Surveillance & Investigations

Specialising in Investigations using Covert Mobile and Static Surveillance Cameras in both rural and urban locations. TITAN achieves this by using the latest Still & Video equipment. We also incorporate the use of Hi-tech Covert Electronic Surveillance Systems.

Special Events

We regularly undertake Special Events such as Corporate functions, Shareholder meetings, Festivals, Concerts, Weddings & Parties, the later are usually one off affairs and are often held in unfamiliar surroundings. TITAN offers the client, discreet and efficient operatives to control access and protect their guests and their property.

Hi-tech Innovative Solutions

At TITAN we are passionate about technology and we offer innovative solutions, working in conjunction with our leading edge partners. This brings real unique benefits to our client's, from forensic deterrents such as Smart Water to the latest Biometric Systems, we also offer Intelligent lead CCTV Systems and Advanced Access Control Systems.

Whether business or pleasure we have fully trained and insured advanced drivers. We can also offer a large pool of vehicles to choose from, not only ensuring the safe transportation of the client from one place to another quickly and efficiently, but should a situation arise TITAN operatives will react quickly and move the client to a secure location.
